

## Spare parts for filter unit with magnetic separator (TF-FEF2-KOMP -2)

Both filters should be changed when the manometer shows 1,5 bar.

When the unit is delivered from Kvarnstrands, two filters 5 $\mu$  (TF-PTR-5M-PPR) are mounted into the tower.

New filters can be ordered via: [order@kvarnstrands.com](mailto:order@kvarnstrands.com)
